Quest for a Cure

French Accents products don't just save face ... they share hope!

With every *French Accents* product or set purchased, *Votre Vu* donates \$1 toward pediatric cancer treatment. You buy. We give. You buy more. We give more. We call this beautiful movement *Color it Forward*.

The campaign also reaches the moms of children in treatment, whom we encourage with pickMEup paks - each brimming with warmth, color, and care.

Of course, we couldn't do any of this without you and *46 Mommas*, our beloved *Color it Forward* partner. Sponsored by the *St. Baldrick's Foundation*, this exceptional group of women each has a child diagnosed with cancer. United, they raise awareness and funding for the cause until the day when every child has been cured.

That day will come - and you can play a part. By putting your best face forward with *French Accents*, you help further the quest to *Color it Forward* to cure children's cancer.

Giving back never looked so beautiful.
